EXPERIENCE

Intercap Capital **Giza, Egypt**

Investment Banking Analyst *July 2026 - Present*

- Build 3-statement models and DCF valuations for M&A and capital-raise mandates against trading comps and precedent transactions
- Prepare independent fair-market-value valuations and Opinion of Value deliverables issued under Intercap's FRA advisory licence
- Draft CIMs, teasers, and investor presentations forming deal packs taken to prospective buyers and investors

MCDR - Misr for Central Clearing, Depository and Registry **Cairo, Egypt**

Financial Analyst *November 2024 - June 2026*

- Valued EGX-listed companies through DCF and 3-statement models built in Excel, presenting investment cases directly to CFO
- Processed corporate actions for EGX-listed issuers - dividends, splits, and capital increases - across settlement and clearing, custody and registry records, and FRA regulatory reporting
- Monitored a multi-million EGP investment portfolio against EGX, CBE, and FRA regulatory thresholds and disclosure rules

EDUCATION

Georgia State University **2020 - 2024**

Bachelor's Degree, Finance

VALUATION & TRANSACTION MODELING PROJECTS

Transaction & Valuation Modeling - EGX, Tadawul, NASDAQ & UK (Public & Private)

- Constructed 15 3-statement models and DCF valuations across ten EGX sectors - Elsewedy Electric (SWDY.CA), Fawry (FWRY.CA), Telecom Egypt (ETEL.CA), Edita (EFID.CA) - adding NAV/RNAV for Talaat Moustafa Group (TMGH.CA)
- Valued financials - CIB (COMI.CA), E-finance (EFIH.CA), MNT-Halan (HALN.CA) - on residual income against cost of equity, adding DDM for CIB and E-finance, and cross-checked DCFs for Misr Fertilizers (MFPC.CA), Sidi Kerir (SKPC.CA), Lecico (LCSW.CA), and Gourmet Egypt (GOUR.CA) against trading comps
- Applied normalized EBITDA, DCF, and trading comps to Iceland Foods Limited (private UK), and extended 3-statement DCF coverage to Tadawul - Almarai (2280.SR), Qassim Cement (3040.SR), Elm (7203.SR), Jarir (4190.SR) - and NASDAQ with Apple (AAPL)
- Stress-tested each model for mathematical accuracy and logic consistency, resolving tax sign errors, beta relevering faults, and double-counted debt, tracing every assumption to filed financials

Financial Modeling Engines - Built and Deployed

- Built and deployed three web-based engines - **Multi-Method Valuation**, **M&A**, and **3-Statement** - spanning DCF, comps, DDM, LBO, merger math, accretion/dilution, and 5-year IFRS/EAS scenario templates

CERTIFICATIONS

- **CFA Institute -** CFA Level I Candidate
- **Wall Street Prep -** Financial & Valuation Modeling Certification (FMVC)
- **Corporate Finance Institute -** Financial Modeling & Valuation Analyst (FMVA)
